GDPR

On the 25 May 2018, the Data Protection Act is being replaced by a new law called the GDPR (the EU General Data Protection Regulation 2016). This law governs how we collect, use and share people's information and provides greater rights to individuals and control over how their information is handled by organisations, including schools.

We're taking steps to review and update our processes around how we are handling your information and are being guided by the Education Department, to help us get ready for the changes. We will publish more information about how we are meeting the GDPR in due course, which will include a privacy notice explaining how we handle pupil information, what rights you have and how to exercise them and our policies around this.

Goodbye & Thank You!

Miss Lee (Reception) will be leaving us at the end of this week, as Miss Cauvain returns from her maternity leave. Miss Lee has been an amazing addition to our team and will be missed (although we will hopefully see her from time to time as a supply teacher!). **Thank you for all your hard work Miss Lee!**
