

Year 3 Weekly News

Friday 15th February 2019

This week in Year 3...

- In English we have been putting together a report on 'The Magic of Tea'. We have been using our computing time to research and bullet point notes as well as learning how to put it all together in an interesting way.
- In Maths we have been looking at how to subtract fractions from a whole.
- In art, we have been looking at British artists and how they tell stories through art.

As always, if you have any questions or concerns please pop in before/after school or email me: t.oxenham@stluke.sch.je

Kind Regards,
Tom Oxenham

Home Learning Activities:

Homework is set on a Tuesday due in the Monday of the following week. This week's tasks are:

- **Spellings** - please can the children have a go at putting their spellings into sentences, this is to show that they understand what the word means. Spellings will be tested on Mondays.
- **Reading:** The children need to change their home reading book from our class boxes at least once a week. Please make sure they have their books in their reading folders every day. Please read with your child for 15 minutes each night.
- **Topic:** Our topic next year is the Victorians and there are some topic homework tasks to complete over the next few weeks. Full details are in home learning books.

Children's books cannot be changed if they do not bring their old book and reading diary in with them. This is to ensure that we keep full sets of books together at school.

Other News

Homework club: Please ensure you sign up at **the office** if you would like your child to attend homework club. It is run after school every Thursday 3pm-4pm.

Please remember to return your permission slips for Timetable Rock Stars - this will ensure your child can access this new program on the computers and iPads after the half term.

Our library day will continue to be on a Tuesday.

Waste Free Wednesdays

As a school, we have joined the 'Plastic Free Jersey' initiative and one of our pledges is to reduce the amount of plastic waste we generate by improving our lunchboxes. **We would like children and families to make efforts to bring in a waste free lunch every Wednesday.** Teachers, the eco team and lunchtime supervisors will monitor lunchboxes; we would like to see food, and much less single-use plastic packaging! We will be celebrating progress by giving praise to children with little or no 'waste' in their lunchboxes and a waste-free mascot is to be won each week for the class that have been the most waste-free. We also now have a plastic recycling point in our school for any recyclable plastic bottles.

Article 28 You have the right to a good quality education.

Article 29 Your education should help you use and develop your talents and abilities. It should also help you learn to live peacefully, protect the environment and respect other people.
