# Higher Order Reading Cards

This set of reading cards has been created to try to address the lack of comprehension texts available for struggling readers, and readers with dyslexia in upper primary/secondary.

I will update these materials regularly, so please do get in touch with me on Twitter (@MrFeistsClass) if you have any recommendations or if you notice any typos.

The questions all use Bloom's Taxonomy, as many children are familiar with using this in their classroom.

The font used is 'Open Dyslexia 3' which can be downloaded at www.opendyslexic.org.

@MrFeistsClass

# Bloom's Taxonomy

What type of question are you being asked? The higher up the pyramid it is, the more you will have to think about the answer and engage your brain!

Creating

Evaluating

Analysing

Applying

Understanding

Remembering
