School Closure Update

As per the Education Minister's recent press release: Schools in Jersey are to remain closed with the earliest date that schools could reopen being after the May half-term break, Monday 1st June. We fully appreciate that this will be frustrating to our entire school community - I think we have all found this difficult at different points. Please do get in contact if you are struggling and we will do our very best to help.

Staffing Update

Even in these strange times the normal recruitment and movement of teachers at this time of year continues. Sadly we will be saying goodbye to Miss Simon at the end of this year as she takes up her new post at Victoria College Preparatory School . Miss Simon has been a great member of our team and we will miss her lots. We wish Miss Simon all the best - hopefully we will all be back together soon to be able to give her a proper send off.

Liberation 75

With the current pandemic spoiling our plans for the upcoming Liberation day celebrations class teachers will be using the Seesaw app to set a Liberation day challenge to enable families to still take part.

Next year we will use all our saved plans to have a big Liberation 75+1 celebration!

Twitter & Facebook

A reminder that we have both a **Facebook** page: @StLukesSchoolJersey

and a **Twitter** page:

@a_stluke where we regularly provide information and latest news.

Home Learning update

We are very pleased to be able to launch Seesaw as an additional way to support home learning. Seesaw will enable greater communication between the children and teachers enabling next steps and feedback to be delivered (a bit easier than through the current system of using email). Teachers are still working in school with children of essential/critical workers and as such will not be able to provide instant feedback on everything - please be patient, they will aim to reply/feedback within a day or so of the work being uploaded.

Contact between school and home

Class teachers are making regular contact with home using email addresses provided by you on you school data forms (that Ms Hamon sends home).

Class teachers will be asking as part of their phone calls home if you are happy to provide us with an email address if we don't have one on our system.

Learning at Home website

The Jersey Education department have launched a new learning at home website to compliment the work available on schools websites:
