### **If a child discloses they might be subject to abuse:**

- **React calmly**
- **Listen carefully** to the child, particularly what is said spontaneously.
- Do not promise confidentiality. Explain to the child that you must pass on the information if you are worried about their safety.
- **Do not ask** leading questions or make judgements. Clarify and check your concern if you feel that you are not sure, by using, for example, "tell, explain, describe or outline" but as soon as you believe that there might be a genuine issue, ask no further questions. This would compromise further enquiries.
- **Reassure** the child that they are doing the right thing.
- **Record** carefully what the child says in their own words including how and when the account was given. Date, time and complete a Concern Form which is available from the Main Reception. This will be passed on to one of the Designated Safeguarding Leads.

If you feel that a child may be at risk of harm but are not sure, then inform one of the Safeguarding Leads immediately. They will offer advice and take appropriate action.

Child abuse can happen to any child regardless of elements such as gender, culture, religion, social background, ability or disability.

A copy of the schools Safeguarding Policy is located in the school staff room.

### **Types of harm**

We all have a responsibility to keep children (under the age of 18) safe, both at home and in school. Harm is identified in four ways:

**Physical** - when a child is deliberately hurt or injured.

**Sexual** - when a child is influenced or forced to take part in a sexual activity. This can be a physical activity or non-physical, e.g. being made to look at an inappropriate image.

**Emotional** - when a child is made to feel frightened, worthless or unloved. It can be by shouting, using threats or making fun of someone. It can also be when children see their parents, or visitors to the home, fighting or using violence.

**Neglect** - when a child is not being taken care of by their parents/ guardians. It can be poor hygiene, poor diet, not keeping appointments for additional support, not coming to school or being left home alone.

Vulnerable adults (over the age of 18) are at risk of being abused, harmed or threatened. Any concerns about a young person or an adult should be reported to the Safeguarding Lead.

### **Staff Conduct**

If you are concerned about the conduct of a member of staff, following an observation or disclosure, the following actions must be taken:

- Immediately inform the Principal.
- In their absence, immediately inform Head : Adam Turner

### **Keeping Yourself Safe**

- Be professional. Be careful how you interact with or speak to a child, the child may interpret it differently.
- Avoid physical contact with children unless you are preventing them from immediately harming themselves or others.
- Avoid being on your own with a child, always ensure that a door is open and that you are visible to others.
- It's best not to do anything for a child that he or she can do for himself or herself. Always tell someone if a child touches you or speaks to you inappropriately. Log down the incident, time and date it and pass it on to one of the Safeguarding Team.
- If you have concerns about the conduct of staff, it is your responsibility to inform the Principal.
